CAMPAIGN TEN

Turn #34

Industrial Stage Zero: The Medieval Era
1270 Anno Domini

Next Turn's Orders Due:

Friday, 8 October 1993

Announcements

Due Date Mix-up: The Due Date printed for this past turn was wrong. Instead of the 24 of September, it should have been the 17th, one week earlier. If you had missed a turned and think you were not contacted, let me know.

Tax Status: Finally, I got the Tax Status on line. The Tax Status' purpose is to tell you why the tax rate is below the normal 100%. If it says "famine", you did not have enough agro to feed your cities. If it says "thin govt." that means your infrastructure and the administrative abilities of the king and his leaders are insufficient to effectively govern your vast territory. If it says "famine TG" you tax rate is getting the double whammy of a famine and thin government effects. "normal" means your tax rate is just that.

The Game Depot: If you ever stop by Phoenix, do drop in the Official Game Store of Lords 10: The Game Depot. They have a quality supply of Fantasy Role Playing games, War Games (Historical & Otherwise), Puzzles, Family Games, Dice, Miniatures and much more. Located at 708 South Forest Avenue in Tempe, Arizona, just north of ASU. (602) 966-4727. The Game Depot is open from 10am to 6pm.

Lords 10 Unit Conversion: Each point of cavalry and infantry (light or heavy) represents 500 fighting men. A merchant or galley point = 10 ships with 100 men aboard. A siege point = 50 catapults each operated by 10 people. A war elephant point = 50 elephants ridden by mahouts. A field fort point = 5 forts manned by 100 men each. A wall point = 500 men manning many ramparts, towers, & walls. The guard unit = a thousand of your empire's toughest, most gnarly warriors.

AFRICA

Africa Bowl: Andalusia Attack 16, Sakalava Islanders 13 - OT.

West Africa

Merca: 10mc, 10mi

THE AKA'MURRID EMIRATE OF FULANI

Mustapha the Mean, *Emir of the Fulani*

DIPLOMACY: Ghana(fa), Kazmedina(ea), Senegal(c), Zaria(ea), Adwaghost(nt)
Mustapha cleaned up the Dakar palace throwing away the old junk that accumulated in the past century. Much of it was piling up behind the throne and was beginning to get in the way of his view of the dancing girls.

Trade began with Saxonia again. Daza revolted due to the distance.

THE SUPREMACY OF TOGO

Hiboe

DIPLOMACY: Ite(a), Borogou(t), Burkina(nt), Oyo(a)

Hiboe gathered all the fallen branches around Yoruba and put them in one place. When people saw what a wonderful bunch of sticks it was they stayed. They named the place 'Leopards' because it sounded cool.

THE BANTU KINGS OF KONGO

Baco, *King of Ba-Congo*

DIPLOMACY: Douala(a)

Baco and his forces remained in Kongo eating flowers, waiting for the attack from Basoko. A trade road toward Zimbabwe or Sakalava was lost when both Kinsasha and Kabwe revolted. The diplomat Dumbetshana was never seen again, lost in a distant land.

THE BASOKO

Dobbs

DIPLOMACY: none

The Basoko got unruly as Dobbs really didn't want to go to anyplace interesting. Nothing to sack, nothing to destroy, nothing to burn. The tribe went into uninhabited, uncontrolled Kobowen.

East Africa

Merca: 10mi, 5mg

THE GREAT ZIMBABWE

Five Twin Jackal, *Zimbabwe King*

DIPLOMACY: none

Every one wondered if Five Twin Jackal would die this year. After all he's been around for 117 years. Five Twin started eating twinkees (non-kosher) and he started looking decades younger. A descendent, Gear Tone, and maybe another, Cow Pi, enslaved the dog-men of Shona (causing the revolt of Karanga) and left the region unpopulated. Gear Tone was assassinated by someone who did not want to be shackled and dragged off. Cow Pi finished the job and took just about everyone home. Bassa was colonized by Jews back to (1/4)

THE SAKALAVANS

Zonk Nogapunda, *Little Caesar of Madagascar, The Great Slobbering Taz*

DIPLOMACY: Tongaa(ea), Lamu(t)

Zonk moved the Pizza Hub from Mahapizza across the Mozambique Channel to Mopizza in Mozambi. With the new capital's location, average delivery distances were decreased, enabling greater service to more customers, especially through Goblugik (no longer isolated). Overland trade began with Chalukya and Arak for all that's worth. Trade with Parthia was disconnected.

In the sporting news of Africa, the playoff players strike proved to very unpopular with a large segment of the football fan population. Many players from the Mahidian, Aethiopian, Fulani and Zimbabwe teams were mauled because they were a bunch of prima donnas wanting more money than they are worth. When the strike ended, those four teams were no longer good. For the first time ever, an non-African team won the Africa Bowl, sparking even more riots. Florida and South Central ain't seen nothing yet!

THE ZAGWE KINGDOM OF AETHIOPIA

Mernol, *King of Aethiopia*

DIPLOMACY: Najran(nt), Aden(ea)

Mernol kept everyone's eyes open for any rumbings from the frontier. Napata turned cultivated (everyone's mowing their yards there).

EUROPE

Western Europe

Merca: 10mhc, 10mhi, 10mi

THE BLACK TOWER EMIRATE OF IEST

Astoria, *Lord of the Black Tower*

DIPLOMACY: none

Suentius Po III ate too much of his clove snuff and died choking. The next Suentius Po was elbowed out of the way (so much like an illusionist) by Astoria, an older sister of the Third Suentius Po. She quickly announced that she'll rule for life (or else). No one wanted to challenge this headstrong woman.

The Ligurians and the Byzantines sent 100,000 crowns each with notes of apology attached. There was no naval attacks and Sicily was untrampled by hordes of 'Hsiffies'.

THE NORDAN KINGDOM OF SAXONIA

Leonard, *King of the Saxons and of the Normans, Count of Blois*

DIPLOMACY: Dyffed(nt)

The long reign of Robert the Giant ended with one giant stroke early in 1270. After months of babbling, the king died in October. His successor was his son Leonard who was in Brittany arranging the rocks of the coastline in geometric patterns. Lord Leomic's forces withdrew from Bavaria and headed to Westphalia to safeguard the Thaerian Frisian possessions.

A promised Papal shipment of 100,000 pounds did not show up in London. Papal representatives in the capital swear by Jesus' name that the Pope did truly send the gold. The new king Leonard delayed any action until an investigation is conducted.

THE ALMORAVID EMIRATE OF ANDALUSIA

Abd ar Rahman, *Emir as Sevilla*

DIPLOMACY: none

The Almoravid moved to protect Malta from a possible escalation of conflict. Abd ar Rahman imported more peacocks from Islam. A pack of purple dinosaurs stowed in the hold and got out at the port of Sagunto. They now tour the countryside singing tunes to the children, luring them away from their parents to live in the enchanted forest.

The Fulani have resumed sending gold shipments to the Almoravid Emirate.

Italy

Merca: 10mhi, 10mi, 5mg

THE KINGDOM OF LIGURIA

Nero, *King of Liguria*

DIPLOMACY: none

Trade was resumed with Islam and Iest after a momentary interruption last time. The Pope sent 100,000 lira to the Ligurians so that the reparations can be paid to the Black Tower Empire.

THE ROMAN CATHOLIC CHURCH

Urban IV, *Pope of Rome, Vicar of Christ*

DIPLOMACY: none

Besides doling out cash to other nations, the Pope concentrated on the conversion of the Byzantine Empire. So far, there has been no effect. The Papal army marched to Prague from Kiev and set up headquarters at the cathedral. Fucina tried to revolt but was crushed by the Legion of Doom.

THE PRINCIPALITY OF SPOLETO

Ottone, *Prince of Spoleto*

DIPLOMACY: Sabini(ea)

A mutual defense pact with Tarantum was announced. Maybe Tarantum will go for it too. Galeazzano returned from Bavaria; the soldiers were just happy to be home. Spoleto city expanded yet again.

THE EXARCHATE OF TARANTUM

Septim Drymitinos, *Despot of Taranto*

DIPLOMACY: Squillacia(f)

The city of Reggio became an official Exarchate city due to the diplomatic efforts of Vittelis. The extremely rare 'Circle of Protection: Purple' spell kept Barney away.

Eastern Europe

Merca: 20mc, 10mi

THE NORDIK KINGDOM OF THAERY

Alek III, *King of the Danes*

DIPLOMACY: none

King Alek and over 80,000 troops crossed over into Skåne and headed to Halland to destroy the Västergötland mutiny. The defenders, 2000 pikers, Motts and Nacker paid dearly for their insolence. They were flayed and fed to starved dogs while still breathing. Alek had dealt a fatal blow to his enemy in swift measure. Reincorporating Gautland, Norway, Svealand, Uppland, Skåne and all the cities demanded no sweat. Halland was left pacified, a testament of the price paid for disloyalty. Trade was restored with Novgorod, Bolgar and Byzantium.

THE VÄSTERGÖTLAND KINGDOM

Dead, dead, dead...

THE KINGDOM OF FRANCA

Fuwinna, *Regent Aunt for the Young, Horace, Panarch of Francia*

DIPLOMACY: none

As the foreign armies melted away, the Franken core searched for Octopus hideouts. Casimir died at the end of this turn and Fuwinna was crowned queen regent for her little brother Horace.

THE GRAND PRINCIPALITY OF WARSAW

Eisen II, *Markgraf of Poland*

DIPLOMACY: none

Nobles were sent off to search for Penturrik, king Eisen's lost older brother. But he could not be found in the area. Some innkeepers have reported that he had headed off to Constantinople. Obodria and Bochnia were colonized to become 2 GPv regions. The city of Lodz expanded. Peasants came from miles around to witness the Papal entourage's arrival in Prague. The Holy Father was made most welcome.

By Papal decree, the Order of Teutonic Knights became the 'Eternal Protectors of the True Church'. In the wild-lands, Wulharrik attacked already tributary Masuria because they were not Christian and military converted them to Catholic. Goryn, Lithuania and Pomerania revolted. Bishop John had to escape Pomerania rather than be killed. Wulharrik then attacked the already allied Cherven and converted the Orthodox folk there to Catholic by the sword. The Orthodox subjects of Warsaw were angered by this act but none were driven to the brink of rebellion, yet.

THE KINGDOM OF BAKONAI

Satanos, *King of the Bakons*

DIPLOMACY: Moldavia(ea), Galicia(ea)

The King went to one edge of his kingdom to pick up the troops. The other edge of the kingdom (the good side) was too far away from the king for effective governance. So there were some rebellions. The Duke of Illyria, who wasn't all that loyal, proclaimed a tiny new nation based from Zara. The rotworm took Illyria, Croatia, Banat and Temesvar for his own spoils.

At Klutz, loyal Grump reported that Poland did not ship any gold. Slovakia became a land of cultivated fields.

THE PRINCIPATE OF ILLYRIA

Siab Skyhook Abib, *Prince of Illyria*

DIPLOMACY: Croatia(nt)

Siab saw an opportunity present itself so he took the job. Trade by sea opened from Zara with Saxonia.

This nation is open for a player.

THE PRINCIPALITY OF NOVGOROD

Ivano the Washed, *Prince of Novgorod*

DIPLOMACY: none

In an abrupt move, Ivano declared himself, his family and everything he owns to adhere to the beliefs of Roman Catholicism. Daugava, Estonia, Ilmen, Kalinin, Kirivich, Latvia, Muscovy, Polotsk, Smolensk, Tver, Veposkava and Yaroslav turned Roman Catholic to follow suit. Only pacified Seversk revolted and that was because of an insufficient garrison (it wasn't a problem before). Viktor was at hand to crush the rebels and leave an even larger garrison there. The claim on Turku evaporated.

THE VOLGA BOLGARS

Hari, *Emir of Great Bolgar*

DIPLOMACY: Suvar(ea), Ryazan(a)

In Suvar, a pagan land, Togliatti was built, which has a port to the Lower Volga River. Old Jiku died at the end of 1270. The new Emir is Hari, who grows a long beard and likes eat locusts.

ASIA

The Middle East

Mercs: 10mhc, 10mc, 10mhi, 10mi, 5ms, 5mg

THE NIKEPHORIAN EMPIRE OF BYZANTION

Nicephorus VII, *Eastern Roman Emperor, Basileus of Constantinople*

DIPLOMACY: Crimea(a), Ludgorie(f), Bosnia(f)

Nicephorus restored trade with **lest** instead of cooking up a new batch of Greek Fire that could sink the rest of Mahidia. Petrach and his men went to Ludgorie and military installed the Christians there in power. The Asia-Pagans that lived in the country were converted by sword point. Thus Ludgorie is now Eastern Orthodox.

THE DARAL ISLAM - ARBILIQ REGENCY

Al Rashar, *Kalifat Rasul Allah, Commander of the Faithful*

Mazin el Erbel, *Vizier of the Court*

DIPLOMACY: Pontus(c), Cappadocia(a)

The armies of Islam guarded Aleppo in case of any trouble. It was an easy job and the only casualties were a few fights and a stubbed toe. A new Caliph was crowned if someone found out the old one was dead. Al Mustaziz was the Caliph for some 40 years. Lebanon cultivated itself.

THE SHAHDOM OF PARTHIA

Arsoces, *Shah of Parthia, Emir of Merv, Archon of Bactria*

DIPLOMACY: Zagros(t), Khokhand(a)

In Tabaristan, in the shadow of the mountain that hides Alamut, the new city Babol Sar was built to harbor boats that sail in the Caspian. The Novgorod and the Bolgar seemed to have given up trying to trade. Word needs to get out.

Did I mention that Makran turned cultivated last turn? I guess not.

THE GHORID SULTANATE OF AFGHANISTAN

Tughrii, *Sultan of Afghans*

DIPLOMACY: none

Tughrii was happy to move his troops around.

India

Mercs: 10mwe, 10mhc, 10mc, 10mi, 5ms

THE GOLDEN HORDE OF THE ARAIK KHAN

Ashkiel, *Khan of Khans, Arbiter of Destiny*

DIPLOMACY: Bihar(t), Chitor(t), Vatsa(t), Malwa(nt), Jats(t), Sukkur(t), Ajmere(nt), Maghada(t)

Ashkiel used his incredible charm (200,000 plus cavalry) to persuade Bihar, Vatsa, Chitor, Jats and Sukkur to join (and to keep everyone in line). Bihar was stolen from Rastrakuta. Multan had to military converted to Hindu and so was pacified (The city of Multan was not exempt from the conversion and was assaulted). About 50,000 men were lent to the Chalukya to deal the final blow to the dufus Khirgiz and Oghuz hordes. Bayan was not a good tongue wag; that's why his progress in Maghada was minimal and he even scared Kamarupa into the Rastrakuta camp.

THE CHALUKYA MANDALAM

Pulakesin III The Victorious, *The Great Muta, King of the South*

DIPLOMACY: Malabar(t), Konkan(t), Chela(nt)

Pulakesin learned from his mistakes and ensured that none more of his cities would fall to the raiders. He hired some mercenaries to up his forces to 53,000 cavalry, 10,000 infantry and 250 siege. As a group they moved from Kerala to Malabar to meet cheering crowds and flowers. He then headed into Konkan where the Khirgiz had been encamped for awhile. For over a year they had been in disarray. Their Khan, Heptipala, was assassinated early in 1266. 7500 men deserted soon after. A new leader emerged at the end of the year but he too was killed. Still in chaos, the Khirgiz were attacked by Pulakesin's army on March 4th, 1267. It started with a pre-dawn fire-arrow attack which made the dispirited horde only more fatalistic. They hopped on their mounts to chase the attackers away but did not notice. Behind them over a hill ridge 50,000 ARAIK cavalry with horsetails on their lances and 5000 pro-Mandalam knights led by the veiled generallette Ovah Chaluk, Mistress of Doom. Caught in a vise, the Khirgiz forces and their families were slaughtered to a kid (all their goats died too). A treasure of exactly (uncanny isn't it) 100,000 rupees was found in the disheveled camp, amidst the corpses and carnage.

Pulakesin laughter for a change. He had earned a long waited for victory. He waited for the Oghuz to arrive and die but they didn't show. He'd have to hunt them up. Trade with Islam was restored with the return of the Banavasi port and its fleet.

THE RASTRAKUTA EMPIRE

Chanda, *Emperor of Manyakheta*

DIPLOMACY: Kosala(c), Kamarupa(nt), Sri Lanka(f), Vanga(f)

Rastrakuta abandoned Bihar to the Golden Khanate. But in its place they got Kamarupa. How was the Rastrakuta supposed to know that the world's deadliest horde wanted that region too? Karka of Vanga was married into the royal family. Sri Lanka's Gadzuks died too soon to enjoy his new wife.

THE OGHUZ HORDE

Raitobisa

DIPLOMACY: none

Raitobisa and his men pacified Madurai because they couldn't capture the port city of Tanjore. There was no merger with the Khirgiz because the Khirgiz got atomized. Chela and Satava rebelled due to distance.

~~THE KHIRGIZ HORDE~~

In India, the Khirgiz met their demise. Some ex-Khirgiz have become mercenaries and hunters. It's hard to believe that this horde lasted 80 years.

The Ori To expanded all six of their controlled cities even in regions that are non-paying tribute status. This was well-received by the urban population and the tradesmen. Hanto proclaimed Bao Ding to be pacified tributary instead of pacified and then attacked to tributary Honan, Shentung and Houma. All of these regions that were brutally attacked were then given a reason to declare war when Sun Hai diplomacized them. Sun Hai was attacked by Riang Die in Honan and had to flee to Honan. There is a lot of resentment in these regions.
